What does our group do when we get there?

1. When you arrive at 10:00 A.M., you are to park by the Dormitory/Dining Hall. A staff member and the Nurse will greet you. Each camper needs to be seen by the Nurse. Your group will receive a schedule and will have a short orientation on safety procedures.
2. After given the OK, campers may take their items into their dormitory wings, quickly set up and meet outside to see what their first scheduled event is. When it is time for lunch, please line up as a group outside with all the camper groups for prayer.
3. If you have any questions or concerns during your camp week please see either Meg Neitz - Program Manager or JoAnne Carroll - Day Camp Director in the camp office.

Have a great week!!!

See you at Camp!
